Senior Consultant SAP S/4HANA Integration Architecture (m/f/d)

📍 Sofia (Bulgaria)

Bring your expertise to complex SAP integration projects and take ownership of technical integration solutions.

Your Responsiblities

- Design and implement modern SAP integration architectures tailored to individual customer requirements
- Take ownership of technical work packages or subprojects and ensure the successful delivery of complex integration initiatives
- Maintain and enhance existing integration landscapes using SAP Integration Suite and other middleware and integration technologies
- Develop technical best practices and design modern interface and integration scenarios in the SAP Business Technology Platform (SAP BTP) environment
- Evaluate emerging technologies in the SAP integration landscape, support pre-sales activities and actively contribute to knowledge sharing within the team

Your Profile

- Degree in Computer Science, Business Informatics or a comparable field, or an equivalent qualification, combined with several years of professional experience in SAP Integration Architecture
- Proven experience with SAP Integration Suite (CPI/CI), SAP PI/PO and SAP BTP, including the design and implementation of modern SAP integration architectures
- Experience with common integration technologies such as ABAP Proxy, SOAP, RESTful APIs and Microservices, as well as a solid understanding of modern integration architectures
- Analytical and structured way of working with the ability to translate business requirements into technical integration solutions
- Business fluent German and English skills, both written and spoken, as well as a willingness to travel up to 60%

Your Benefits

CONSILIO offers companies excellent consulting services in the digitalization and automation of company-wide business processes. Our consultants combine process-oriented and functional technical SAP application know-how with the aim of improving the competitiveness of companies through the effective and efficient use of standard software. Well-known national and international companies place their trust in us and build on our many years of experience, competence and innovative strength. Because we understand them.
