

The CONSILIO Consulting America Inc. is searching for a

(Senior) Managing Consultant (m/f/d) SAP Supply Chain Management

Charlotte in North Carolina (USA)

WHAT'S WAITING FOR YOU

- You act as the key contact for the implementation of end-to-end processes in the area of Supply Chain Management (SCM)
- You are responsible for developing both cross-solution and solution-specific customer architectures
- You take on the role of team lead and are accountable for the growth and further development of the SAP S/4HANA team
- You assume (partial) project management responsibilities in transformation projects
- System integration based on organizational models and planning processes in SAP SCM APO / S/4 Supply Chain / S/4 Logistics is part of your tasks
- You excel with strong communication skills and methodological expertise
- You serve as the direct point of contact for clients, responsible for strengthening existing relationships and building new ones
- This position includes a long-term assignment to the U.S. with a minimum duration of two years. You will be thoroughly prepared and supported throughout the process, including the organization and application for your visa.

YOUR SKILLS

- You have successfully completed a degree in Business Informatics, Industrial Engineering, or a comparable field of study
- You bring several years of consulting experience in managing SAP implementation projects in the SCM area (ideally DP, PP/DS) within the manufacturing or process industry
- Ideally, you already have leadership experience in managing employees or teams
- You are eager to explore innovative topics and open to diving into new solutions, such as SAP Integrated Business Planning
- You combine a strong business-oriented and customer-focused mindset with excellent communication skills in both German and English
- Regular travel (approx. 60%) is something you take in stride

YOUR BENEFITS

WHO WE ARE

CONSILIO offers companies excellent consulting services in the digitalization and automation of company-wide business processes. Our consultants combine process-oriented and functional technical SAP application know-how with the aim of improving the competitiveness of companies through the effective and efficient use of standard software. Well-known national and international companies place their trust in us and build on our many years of experience, competence and innovative strength. Because we understand them.
