

The Consilio Consulting Bulgaria EOOD is searching for a

(Senior) Technology Consultant (m/f/d)

Sofia (Bulgaria)

YOUR TASKS

- Take a lead position in the project and perform technical activities including coding
- Act as a trusted advisor to the customer on technical matters
- Manage customer expectations and avoid any escalations
- Able to set up development guidelines and methodologies
- Support pre-sales activities
- You will work - also in English - in an international context with German clients and partners and will regularly have the opportunity to come to the office in Munich
- Work at the customer's site is remote or possible from the Home Office

YOUR TALENTS

- You have at least 2 years of experience in ABAP programming (ABAP Objects, ABAP/4)
- You are proficient in User Exits / Customer Exits / Business Add-Ins enhancement techniques
- You are familiar with BAPI / batch-input / IDoc data transfer & programming techniques
- ABAP Web Dynpro / BSP programming belongs to your passions
- You have knowledge in SAP Script & Smart Forms, Adobe Interactive Forms printing technologies
- You have practical expert knowledge in ABAP Interfaces
- You have a bulgarian work permission, speak English fluently, German is optional

YOUR BENEFITS

WHO WE ARE

CONSILIO offers companies excellent consulting services in the digitization and automation of company-wide business processes. Our consultants combine procedural and functional technical SAP application know-how with the aim of improving the competitiveness of companies through the effective and efficient use of standard software. Well-known national and international companies place their trust in us and build on our many years of experience, competence and innovative strength. Because we understand them.
