

The Consilio Consulting Bulgaria EOOD is searching for a

## Consultant (m/f/d) SAP S/4HANA Full Stack Technology

Sofia (Bulgaria)

### YOUR TASKS

- You will be responsible for developing frontend components using modern SAP development tools (SAP Fiori, UI5, Web IDE) as well as traditional technologies (ABAP, ABAP OO)
- You are responsible for the developments in private and public cloud as well as in the abap environment on SAP BTP
- You will take on the planning and execution of appropriate tests for the developed software components
- Your responsibilities will also include the creation and evaluation of technical concepts
- You will proactively contribute to projects and will be eager to take on responsibility as a project manager
- In addition to your own professional development, you will play a key role in driving knowledge transfer within the company

### YOUR TALENTS

- You have successfully completed a degree in (business) informatics or a comparable IT-related education
- You have demonstrated relevant experience in ABAP / ABAP OO, OData services, NetWeaver Gateway, UI5, Core Data Service and SAP HANA in previous projects
- Ideally, your experience also extends to the ABAP RESTful Application Programming Model (RAP)
- Your analytical approach enables you to develop concepts and solutions with a results-oriented mindset
- Experience with JavaScript and Angular would be an asset
- Strong English skills, a confident demeanor, and a willingness to travel complete your profile.

### YOUR BENEFITS

### WHO WE ARE

**CONSILIO** offers companies excellent consulting services in the digitalization and automation of company-wide business processes. Our consultants combine process-oriented and functional technical SAP application know-how with the aim of improving the competitiveness of companies through the effective and efficient use of standard software. Well-known national and international companies place their trust in us and build on our many years of experience, competence and innovative strength. Because we understand them.
