

The CONSILIO Consulting America Inc. is searching for a

(Senior) Consultant (m/f/d) SAP S/4HANA Supply Chain & Logistics

 Charlotte NC

YOUR TASKS

As a (Senior) Consultant, you design warehouse and logistics processes based on SAP Extended Warehouse Management (EWM) and actively support our clients in optimizing and digitalizing their supply chain structures

- Analyzing, designing, and implementing warehouse processes in SAP EWM, covering everything from goods receipt management to picking, replenishment, and shipping
- Shaping complex warehouse structures, including automation, material flow management (MFS), and the integration of warehouse technology systems
- Customizing and process design in cross-functional scenarios involving production planning, procurement, sales, and transportation management
- Conducting workshops, preparing technical specifications, and working closely with development teams
- Supporting migrations and rollouts in Greenfield, Brownfield, and Bluefield project scenarios
- Taking on project responsibility with the opportunity to grow into a leadership role over time

YOUR TALENTS

- A degree in Business Informatics, Industrial Engineering, or a comparable field with a focus on logistics or supply chain management
- Hands-on experience in implementing and optimizing warehouse processes with SAP Extended Warehouse Management (EWM)
- Solid understanding of key EWM functions such as warehouse task management, inventory management, resource management, and yard management
- Familiarity with the integration of adjacent SAP modules such as production planning, materials management, sales, and transportation management, ideally combined with experience in warehouse automation and MFS
- Interest in technology-driven innovations such as ABAP OO, the SAP Business Technology Platform, IoT, or robotics solutions
- Confident communication skills in English and willingness to travel (around 60%) as part of the role
