

The CONSILIO Consulting America Inc. is searching for a

## Consultant (m/f/d) SAP S/4HANA Manufacturing & Supply Chain

 Charlotte NC

### YOUR TASKS

As a consultant, you design production and planning processes in the SAP S/4HANA environment and support our clients hands-on in their transformation towards integrated supply chain solutions

- Advising leading industrial companies on the implementation of SAP S/4HANA solutions, focusing on Production Planning (PP), Production Planning and Detailed Scheduling (PP/DS), and Supply Chain Management (SCM)
- Developing seamless end-to-end processes from demand planning to shop-floor control in close collaboration with the project team
- Designing technical solutions that meet business requirements while contributing strong process understanding
- Contributing to the integration of adjacent modules and topics within the digital supply chain
- Supporting technical analyses and ABAP-related tasks as part of solution development
- Collaborating closely with clients and maintaining direct communication to align processes and requirements

### YOUR TALENTS

- A successfully completed degree in Business Informatics, Business Administration, Engineering, or a comparable field
- Two to three years of experience in SAP consulting with a focus on production and planning processes, ideally in SAP PP, PP/DS, or SCM
- Familiarity with SAP S/4HANA and a solid understanding of end-to-end processes in manufacturing and planning
- Interest in topics related to the digital supply chain and motivation to explore new technologies and modules
- Solid technical understanding combined with initial knowledge of ABAP or the motivation to build these skills further
- Fluency in English, along with a willingness to travel about 60% of the time

### YOUR BENEFITS

### WHO WE ARE

**CONSILIO** offers companies excellent consulting services in the digitalization and automation of company-wide business processes. Our consultants combine process-oriented and functional technical SAP application know-how with the aim of improving the competitiveness of companies through the effective and efficient use of standard software. Well-known national and international companies place their trust in us and build on our many years of experience, competence and innovative strength. Because we understand them.
