## (Senior) Consultant (m/w/d) SAP S/4HANA Integrated Business Planning / Digital Supply Chain

 Charlotte NC

You will lead SAP supply chain projects for international manufacturers, designing solutions that connect planning and execution across their operations.

### Your Responsibilities

- Deliver SAP Supply Chain Management (SCM) projects on your own, including new implementations and transformations of existing planning environments
- Design end-to-end architectures for Integrated Business Planning (IBP) and digital supply chain that fit complex planning processes and organizational structures
- Design and implement integrated solutions using SAP S/4HANA, SAP IBP, and SAP SCM Advanced Planning and Optimization (APO), covering both functional and technical integration
- Own modules or workstreams and work closely with clients and project teams
- Build lasting client relationships through clear communication and reliable advice

### Your Profile

- Bachelor's or master's degree in a technical or business field, such as information systems or industrial engineering
- Solid consulting experience with SAP IBP, SAP SCM, SAP APO, and/or SAP Production Planning (PP)
- A track record on SAP implementation projects, ideally in SAP IBP, SCM, APO, or Production Planning and Detailed Scheduling (PP/DS), within discrete manufacturing or process industries
- Curiosity and the ability to learn new solutions and business topics quickly
- Strong client communication skills, professional fluency in German and English (written and spoken), and willingness to travel up to 60%

### Your Benefits

**CONSILO** applies engineering thinking to business and IT challenges. Working with SAP, we help companies optimize existing systems, transform processes and architectures, and replace outdated solutions. Our consultants combine process expertise with functional and technical SAP knowledge. We help clients digitize and automate business processes across their organizations and become more competitive by using standard software effectively. Leading companies in Germany and worldwide rely on our experience, expertise, and ability to innovate because we understand their business.
